New Awareness of Libraries' Role in Digital Information Age

New Awareness of Libraries' Role in Digital Information Age

- Due to the increasing use and cost of digital contents / access fees

- There is a need to have a more systematic management of digital collections; discovery, content ownership, content access, etc

- Data analysis becomes vital (Relevancy of content, Usage, Cost, etc...)

Digital Literacy : Mahidol University

- ICT academy - long-term series of in-house training courses to boost digital capabilities and life-long learning of all library staff.

- Training for the trainers – training for the users

- Digital media training – acadamic services for all - motion infographic, lightroom, photoshop, non-linear editing techniques

Leadership in Academic Libraries

Leadership in Academic Libraries

- Chulalongkorn –
  - Gearing up for "iThesis" (Integrated Thesis & Research Management System), the platform for digital born electronic-thesis creation for Chulalongkorn University and other universities.
  - Encouraging the use of "Akarawisut", the computer programmes to detect plagiarism.

CHIANG MAI UNIVERSITY   MAHIDOL University   Prince of Songkla University   Chulalongkorn University   BURAPHA University

Opportunities in Digital Scholarship of Academic Libraries

Opportunities in Digital Scholarship of Academic Libraries

- Library normally relies on :
  - Information offer by publishers or aggregators
  - Exchanging through library networks within the region or country
- Information in social networks.
- Wider networking & activity is needed

Opportunities in Digital Scholarship of Academic Libraries

- Shift from paper-based to online publications

- Reduce print collection, save space. Opportunity to offer more learning space.

- Promote ease of access; anytime, anywhere, everyone!

- Better and universal discovery tool is needed as there are too many platforms. Is Kopernio a possible choice?

Trend of Online Learning and Researching

Trend of Online Learning and Researching

- PSU has been using a Moodle based LMS for almost 10 years and has recently started a new platform to enable teaching staff to deliver Massive open online course (MOOC).

- The advent of online research networks, i.e. ResearchGate, Meta, etc. enable exchanging between researchers.

- The advent of online learning platforms, Courera, Udemy, EdX, Udacity, etc. could become threats to university.

- Chulalongkorn University has started the new platform to deliver the massive open online course "CHULA MOOC" and "SPACE" by Chulalongkorn Business School
